

Improving life and leadership of assistant principals

Show Notes, Episode 105: You Are the Master of Time with Danny Bauer, March 7, 2023

About this show:

Do you work too many hours? Do you feel like there is never enough time? Do you ever miss your family and friends? Today, my guest, Danny Bauer and myself will explore some keys to a mindshift that will help you rethink how you approach your work and, more importantly, your own health.

Notable Quotes

Danny:

I learned a very important lesson that day, it really pays to tell stories. And since then I've always been telling stories....You move people through stories, through connection, through emotion.

At some point you have to say "I've learned some great stuff, but am I implementing those things?"

Learning doesn't make you a better leader, taking action on what you have learned does.

When you get better, everyone else wins.

Leaders need to learn to say no.

If it's not a 'Hell Yes', it's a 'Hell No'.

Frederick:

In the end it isn't about time management, it's about priority management.
